

DOM manipulation Assignment

Q) Add the following elements to the container using ONLY JavaScript and the DOM methods shown above.

1. a `<p>` with blue text that says “Hey I’m blue!”
2. an `<h3>` with pink text that says “I’m a pink h3!”
3. a `<div>` with a red border and yellow background color with the following elements inside of it:
 1. another `<h1>` that says “I am learning DOM”
 2. a `<p>` that says “It is easy but required some practice”
 3. Hint for this one: after creating the `<div>` with `createElement`, append the `<h1>` and `<p>` to it before adding it to the container.
